

| Tabla: Publisher |                              |
|------------------|------------------------------|
| Primary Key:     | publisher_id                 |
| Columnas         | publisher_id, publisher_name |
| Foreign Key:     | N/A                          |

| Tabla: Genre |                                   |
|--------------|-----------------------------------|
| Primary Key: | genre_id                          |
| Columnas     | genre_id, genre_name, description |
| Foreign Key: | N/A                               |

| Tabla: Status |                                     |
|---------------|-------------------------------------|
| Primary Key:  | status_id                           |
| Columnas      | status_id, status_name, description |
| Foreign Key:  | N/A                                 |

| Tabla: ItemType |                            |
|-----------------|----------------------------|
| Primary Key:    | itemtype_id                |
| Columnas        | itemtype_id, itemtype_name |
| Foreign Key:    | N/A                        |

| Tabla: Review |                  |
|---------------|------------------|
| Primary Key:  | review_id        |
| Columnas      | review_id, stars |
| Foreign Key:  | N/A              |

| Tabla: ItemHasGenre |   |
|---------------------|---|
| Primary Key:        | item_id, genre_id   |
| Columnas            | item_id, genre_id   |
| Foreign Key:        | item_id que hace referencia a item_id en la tabla Item.<br>genre_id que hace referencia a genre_id en la tabla Genre. |

| Tabla: Item  |  |
|--------------|--|
| Primary Key: | item_id  |
| Columnas     | item_id, title, author, edition, cover_image, barcode,<br>itemtype_id, status_id, genre_id, publisher_id   |
| Foreign Key: | itemtype_id que hace referencia a itemtype_id en la tabla ItemType.<br>status_id que hace referencia a status_id en la tabla Status.<br>publisher_id que hace referencia a publisher_id en la tabla Publisher. |

| Tabla: ItemHasReview |  |
|----------------------|--|
| Primary Key:         | item_id, review_id   |
| Columnas             | item_id, review_id   |
| Foreign Key:         | item_id que hace referencia a item_id en la tabla Item.<br>review_id que hace referencia a review_id en la tabla Review. |

| Tabla: RelationType |                                    |
|---------------------|------------------------------------|
| Primary Key:        | relationtype_id                    |
| Columnas            | relationtype_id, realliontype_name |
| Foreign Key:        | N/A                                |

| Tabla: PersonType |                                |
|-------------------|--------------------------------|
| Primary Key:      | persontype_id                  |
| Columnas          | persontype_id, persontype_name |
| Foreign Key:      | N/A                            |

| Tabla: SystemLog |   |
|------------------|---|
| Primary Key:     | systemlog_id  |
| Columnas         | systemlog_id, description, sys_date, time, object, tipe_change, person_id |
| Foreign Key:     | person_id que hace referencia a person_id en la tabla Person.             |

| Tabla: Person |  |
|---------------|--|
| Primary Key:  | person_id  |
| Columnas      | person_id, first_name,last_name, email, password, phone_number<br>birth_day,age, persontype_id |
| Foreign Key:  | persontype_id que hace referencia a persontype_id en la tabla PersonType.                      |

| Tabla: Person1KnowsPerson2 |  |
|----------------------------|--|
| Primary Key:               | person1_id , person2_id, relationtype_id   |
| Columnas                   | person1_id , person2_id, relationtype_id   |
| Foreign Key:               | person1_id que hace referencia a person_id de la tabla Persona.<br>person2_id que hace referencia a person_id de la tabla Persona.<br>relationtype_id que hace referencia a relationtype_id de la tabla RelationType |

| Tabla: PersonHasItem |  |
|----------------------|--|
| Primary Key:         | person_id , item_id  |
| Columnas             | person_id , item_id  |
| Foreign Key:         | person1_id que hace referencia a person_id de la tabla Persona.<br>item_id que hace referencia a item_id de la tabla Item. |

| Tabla: PersonLendItem |  |
|-----------------------|--|
| Primary Key:          | person_id , item_id  |
| Columnas              | person_id , item_id, lend_date, return_date, amount_days   |
| Foreign Key:          | person1_id que hace referencia a person_id de la tabla Persona.<br>item_id que hace referencia a item_id de la tabla Item. |

| Tabla: Parameter |                           |
|------------------|---------------------------|
| Primary Key:     | parameter_id              |
| Columnas         | Parameter_id, value, name |
| Foreign Key:     | N/A                       |
